Full-Time Online Maths Teacher

Job Specialisation: Education

Employment Type: Full Time

Salary: RM3,500/month + RM300 transportation allowance

After 6 months' probation: RM4,000–RM10,000/month
(Depend on the number of classes you take and teaching performance; RM70–RM200/class hour, unlimited teaching slots)

Benefits: EPF, SOCSO, medical insurance, night allowance

Long-term potential: Fully remote opportunity, subject to performance and team needs

Location: KPMG Tower, Level 15, Bandar Utama, 47800 Petaling Jaya, Selangor
(walkable distance from MRT Bandar Utama)

Schedule: 5 working days per week

Role Description:

1. This is a full-time, on-site role for a Maths Teacher during the initial training and probation period. Upon meeting performance expectations, teachers may transition into a hybrid work model after 6 months.
2. Think Academy values career growth and flexibility — high-performing teachers may have the opportunity to *transition to a fully remote teaching role*.
3. Think Academy offers limitless opportunities for professional growth — take on more responsibilities by venturing into our leadership or operations pathways.

Qualifications:

1. Open to graduates with a bachelor's or master's degree, preferably those who graduated in 2018 or later.
2. Preferred Majors: All academic backgrounds are welcome.
3. Teaching Experience: Previous experience teaching mathematics is not required but considered an advantage. Background in elementary math competitions is also a plus.
4. English Proficiency: Strong command of English in all areas—reading, writing, speaking, and listening. Candidates must be able to communicate ideas clearly and effectively, ensuring smooth interaction with students and colleagues.
5. Maths Proficiency: A minimum grade of B (or equivalent) in SPM Mathematics (or similar qualification) is required.
6. Passion for Education: Must have a genuine enthusiasm for teaching and working with children, along with a strong sense of responsibility. Excellent communication and interpersonal skills are essential for building meaningful relationships with students and parents.

Responsibilities:

1. Conduct engaging online math lessons using the Think Academy Teaching Platform.
2. Deliver effective instruction based on Think Academy's curriculum and teaching guidelines.
3. Create a positive and inclusive virtual classroom environment for up to 20 students, encouraging interaction and collaborative learning.
4. Regularly track and evaluate student performance, offering timely and personalized feedback to both students and their parents.
5. Review and grade assignments, providing additional academic support when necessary.
6. Take part in other teaching-related tasks, such as administering diagnostic assessments for new students.

How to apply:

Kindly send your resume via the Google Form provided.

Part Time Online Maths Teacher

Job Specialisation: Education

Employment Type: Part Time

Allowances: RM50/class hour; RM120/on-site office day; RM60/day for the first 7-day teaching training program

Location: KPMG Tower, Level 15, Bandar Utama, 47800 Petaling Jaya, Selangor
(walkable distance from MRT Bandar Utama)

Schedule: 2 days per week in the office (negotiable); remaining hours for off-site teaching

Role Description:

1. This is a Part-time Position, ideal for students who are exploring the education field.
2. This position requires 2 days a week on site, actual date is negotiable.
3. Take part in our 7-Days Teaching Training Program, a hands-on learning experience covering teaching techniques, public speaking, and classroom management — all designed to help you grow and shine as an educator.

Responsibilities:

1. Conduct engaging online math lessons using the Think Academy teaching platform.
2. Deliver effective instruction based on Think Academy's curriculum and teaching guidelines.
3. Create a positive and inclusive virtual classroom environment for up to 20 students, encouraging interaction and collaborative learning.
4. Regularly track and evaluate student performance, offering timely and personalized feedback to both students and their parents.
5. Review and grade assignments, providing additional academic support when necessary.
6. Take part in other teaching-related tasks, such as administering diagnostic assessments for new students.

Qualifications:

1. Open to University Students Only.
2. All Academic Backgrounds are welcomed to apply.
3. Must be Graduating around the Year 2026-2027.
4. English Proficiency: Strong command of English in all areas—reading, writing, speaking, and listening. Candidates must be able to communicate ideas clearly and effectively, ensuring smooth interaction with students and colleagues.
5. Maths Proficiency: A minimum grade of B (or equivalent) in SPM Mathematics (or similar qualification) is required.
6. Passion for Education: Must have a genuine enthusiasm for teaching and working with children, along with a strong sense of responsibility. Excellent communication and interpersonal skills are essential for building meaningful relationships with students and parents.

Internship: Future Maths Teacher/Educator Program

Job Specialisation: Education

Job Employment: Internship

Internship duration: 2 to 6 months

Allowances:

Internship: RM1,200/month

Back to school Part time: RM50/class hour

Long-term potential:

Path to Full-Time: High-performing interns will be offered a full-time position as an Online Math Teacher upon graduation.

Location: KPMG Tower, Level 15, Bandar Utama, 47800 Petaling Jaya, Selangor
(walkable distance from MRT Bandar Utama)

Schedule: 5 days per week (Monday to Friday, 9.00am to 6.00pm)

Role Description:

1. This is a fully on-site internship program, ideal for students who are passionate about education and aspire to become Math Teachers
2. Structured Training: Take part in our 2-week Teaching Training Program, a hands-on learning experience covering teaching techniques, public speaking, and classroom management — all designed to help you grow and shine as an educator.
3. After the 2-week training, a final assessment will be held to determine your suitability for the teaching role. If it's not the right fit, we'll explore other roles that better match your strengths.

4. Growth: Throughout the program, you'll be guided by a mentor who will support your learning journey, share insights, and help you reach your full potential.

Responsibilities:

1. Conduct engaging online math lessons using the Think Academy Teaching Platform.
2. Deliver effective instruction based on Think Academy's curriculum and teaching guidelines.
3. Create a positive and inclusive virtual classroom environment for up to 20 students, encouraging interaction and collaborative learning.
4. Regularly track and evaluate student performance, offering timely and personalized feedback to both students and their parents.
5. Review and grade assignments, providing additional academic support when necessary.
6. Take part in other teaching-related tasks, such as administering diagnostic assessments for new students.

Qualifications:

1. Open to final-year students from all academic backgrounds.
2. English Proficiency: Strong command of English in all areas—reading, writing, speaking, and listening. Candidates must be able to communicate ideas clearly and effectively, ensuring smooth interaction with students and colleagues.
3. Maths Proficiency: A minimum grade of B (or equivalent) in SPM Mathematics (or similar qualification) is required.
4. Passion for Education: Must have a genuine enthusiasm for teaching and working with children, along with a strong sense of responsibility. Excellent communication and interpersonal skills are essential for building meaningful relationships with students and parents.
